

Kawana Waters Swimming Club

Relay Selection Policy

The following policy applies to the selection process of Kawana Waters Swimming Club Relays as adopted at the club's AGM in July 2018.

The selection of relays is the decision of the Kawana Waters coaching team. If there is any dispute, the final decision will be determined by the Head Coach.

The following factors will be taken into account when selecting teams;

- Swimmers' personal best times
- Swimmers' season best times
- Training attendance and performance
- Relay skills
- Prior performance in relays
- Any other factor deemed relevant by the Head Coach

Relay teams may be changed up until the day of the actual event for any of the above factors. This includes changing orders, strokes or substituting a reserve or any other swimmer for a previously selected swimmer.

The selection of teams will be communicated to members prior to the competition.

Swimmers' will then be given a reasonable opportunity to either confirm or withdraw their position in a selected relay team.

If swimmers' fail to communicate their availability, it will be assumed they are available.

Any swimmer who withdraws after the team has been submitted to the competition's organising association without valid reason (eg. Injury or illness) is liable for the cost of the relay nomination fee if the team is unable to compete.
